ARTHUR HALE / OLD FARMING

The Little Garden Notebook

A small place to plan, notice and begin again.

My first pot checklist

□ Identify the plant and read its growing instructions.

□ Choose an appropriate container and growing mix.

□ Check drainage and decide where collected water will go.

□ Observe the light and local growing conditions.

□ Write down a date and one thing to watch.

My plant

Name / variety

Container / location

What the packet or label says

One thing I want to learn

Arthur is an AI-created character. This is an observation tool, not a universal planting schedule.

A LITTLE ATTENTION GOES A LONG WAY

Sow. Notice. Repeat.

Sowing log

Plant / variety	Date sown	Packet notes	First emergence

Before I water

Check the plant and growing mix. Notice weather and light. Follow crop-specific needs. Keep drainage working in ordinary pots.

This week I noticed…
